The AI Writing Formula

Build Your Prompt

Task + Topic + Audience + Tone + Format + Goal

Task

What should AI do?

Topic

What is the content about?

Audience

Who will read it?

Tone

Professional, friendly, casual, etc.

Format

Blog post, email, caption, script.

Goal

Inform, sell, educate, entertain.

See the Difference

Basic Prompt

Write about AI tools.

Basic Prompt

Write a beginner-friendly blog post about AI tools for small business owners using a professional tone and practical examples.

AI Writing Tips

Be Specific

Give clear instructions instead of vague requests.

Define Your Audience

Tell AI who will read the content.

Set the Tone

Specify if you want a professional, friendly, or casual tone.

Provide Examples

Show examples when you need a specific style or format.

Ask for Revisions

Ask AI to improve, shorten, expand, or rewrite the content.

Fact-Check

Verify important facts, statistics, and claims before publishing.

Use AI as an Assistant

Use AI to support your ideas, not replace your judgment.

Edit Before Publishing

Review AI-generated content and add your own expertise.
